Professional Profile

Currently I am working as semi senior web developer for Dreamcode Soft LLC in their Gorgona Team

During my experience as a developer, I've worked with the following technologies:

- Web development
- Android (Java and XML -old fashion way-)
- JavaScript, jQuery and AngularJS
- JavaEE (Spring Framework)
- Python, Django
- C#, .Net
- PostgreSQL, MySQL
- Linux Server configuration and maintenance (Especially but not exclusively LAMP environments)

About me

I am an ethical, creative and holistic telematic engineer who is also passionate for web/mobile development and rock music.
